“ Manjula's innocent and straight forward nature made me connect to her very quickly. She had beautiful heart and caring character. She was hard working too. Sad part, I was not able to talk her during her difficult times. I'm not sure what to say in the face of such a difficult loss. My deepest condolences to her family and wishing them strength and peace during this hard time. She will be in our hearts and memories.

Prayers,

Keerti

“ I just heard this devastating news. She deserved a long and happy life.

I had the honor and pleasure of working with Manjula at the CME from 2013 till I retired in 2018. She truly was one of the hardest working people I have ever met She was one those quiet behind-the-scenes individuals who truly made a difference.

As I think about our time together, it's her smile that I remember most. When Manjula smiled, she lite up a room.

My deepest condolences to her family.

May she rest in peace.

“ My friendship started with Manjula in the year 2001, we went to their house and got to know each other. She cooked Idli for lunch and we had a great time. The first time when she came to my house, she made me laugh on the steps of how to make curd or yogurt and she started saying steps after boiling the milk, then after the milk becomes less warm, add a little bit of yogurt and put it in the Refrigerator. I laughed so much and Manjula also laughed after knowing the exact steps. She is so simple, more dedicated to work, a good mom to children a companion to her husband, and a good friend. Once our kids were born our friendship grew stronger and sharing our thoughts about children and other things. Even though we don't meet regularly but we call and talk to each other about the wellness of our families. After I started my work downtown, I realized it's very tough to work in the city, particularly commute and weather-wise particularly during winter times. I was only thinking of Manjula so many times, how she has been working so many years in the city, particularly women who have to cook and take care of her household activities after working hours. She has so much courage and a strong mind to do that for a long time. While years passed away like this, one day I was in the workout, she texted me saying that she was diagnosed with cancer, I didn't believe that she had lung cancer. We don't know whatever the cause was, all we knew is it's a vicious disease. Then we started praying for her every day in our daily prayers for healing of her sickness. We started texting more during the pandemic and share our hearts more than before. I think from last year October to December, we prayed 4 times a week from 8:30 to 9:00 PM and my heart goes for Manjula so much from then onwards and my desire also that God would heal her completely and give her a new life. Last Sunday when I heard the news from Mahindra, it was so sad and the thought of losing her is not easy to digest. After I came home on Sunday my son, Pritam asked, mom we are praying for Manjula aunty every day and why God is not answered our prayers. I didn't know how to answer him but I said He is our creator, He knows what to do with everyone. His will and purpose will be done in our lives. Sometimes he may answer and sometimes He may not. But He loves us all the time so we keep faith in Him and never lose hope in Him. My friend Maylene and her daughter also prayed for Manjula for a year almost. Even though I am going to miss her text and talk on the phone and meeting personally, she lives in my heart forever and I am going to meet her someday on the other side of the world which is heaven as per my faith. We all go to their someday, but Manjula leaves a little earlier than us, that's all. She is with the Lord forever. God loves and blesses us all continuously. Thank you.

“ Majula will be missed. She was such a hardworker and reliable friend who would jump to help you out. I will miss having her come by my desk to see if I had any sweet snacks to share with her. It was also so evident she loved her children so much and she wanted nothing more than to spend time with them. She will be remembered and her love will be remembered.

“ Manjula and I joined CME Group at almost the same time. She joined few months ahead of me. I have known her for the past 13 years and have felt very privileged to be part of her life. Manjula was a very quiet but a very matured person. She always strived for excellence. Very soft spoken and down to earth. It was very easy to approach and talk to her. She was always on the run and never stopped. I used to even ask her to take more vacations.

Today I feel a void in my heart when I think that she is no more. She will always be missed by everyone who ever knew her. My heartfelt condolences. Hope God gives strength to the family and near and dear ones to bear the loss. May her soul rest in peace.

“ Heartfelt Condolences to Manjula's family.

Manjula was a wonderful person with a beautiful heart, who always cared so much about her colleague's well-being and had everyone's best interest in her mind. She was extremely committed and dedicated to everything she worked on.

My heart pours out as I imagine her rushed fast-paced walks through our office hallways. She rushed too soon, too sudden into her new world.

Prayers that she find solace in her journey forward.

May almighty give her near and dear ones the strength to bear this irreplaceable loss.

Love & Prayers,

“ To Manjula's family -
Sharing in your sadness as you remember Manjula. It was an honor to be her coworker and friend for many years. She was a strong but soft light at CME; kind, so smart, passionate, funny, and went the extra mile to help her colleagues. Wishing you comfort and peace in the days and weeks ahead.

“ Condolences on this tremendous loss. I don't have words to describe how sad I am. I have been in touch with Manjula regularly over the last 2 years keeping up with her progress and trying to give her courage. She would ask me to pray for her. Was praying for her health at the temple as late as last Friday. We lost her too soon. Such a genuinely kind and warm person. I cannot forget her sly smiles when people appreciated her or joked about her being a workaholic. Hope you all get the courage to deal with this loss. She will always be watching over you.
